

Memorandum of Understanding (MoU)

BETWEEN:

ANCI, (Via dei Prefetti 46, Roma) represented by Mr Leonardo Domenici in his capacity of President hereon referred to as “**ANCI**”

AND

Global Metro City-The Glocal Forum (Via Gregoriana 5, Roma) represented by Mr Uri Savir in his capacity of President hereon referred to as “**Glocal Forum**”

(Together referred to as “Parties”)

The parties

The **Glocal Forum** is a non-profit organization founded in 2001 that encourages global powers to have broader respect for local powers and cultural diversity in a process defined as glocalization. Towards this aim, it promotes the role of the city as the meeting point between global trends and local traditions. This forms the basis for city-to-city project activity in fields critical for sustainable development and peace. The Glocal Forum brings together mayors, international institutions, private sector leaders, citizens and urban communities in a new global-local coalition of forces. The Glocal Forum has created in partnership with the World Bank Institute a Think Tank on Glocalization and a Glocal Youth Parliament (GYP). The GYP mobilizes youth from cities around the world to develop an Urban Agenda for 2020 and serve as a youth-led lobby in advocating this agenda locally and globally.

ANCI, the National Association of Italian Municipalities, is a voluntary, non-profit association, aimed at representing and defending the interests and the rights of local authorities.

ANCI is a nation-wide organization with more than 6,800 associated municipalities, representing a population of 52 million people, i.e. 91% of the Italian population.
